

### From Golden Harbor, Welcome Susan

Susan is married with two daughters and this August will welcome a "third daughter" to their family as they are hosting a student from the Netherlands.

Susan is very active in her Plymouth community as a member of Salem UCC Church where she assists with the youth group.

She is also co-leader for Girl Scout Group 8409. Buy those cookies!

The whole family is involved in soccer. Her daughters play for their local school, Dad referees and Susan volunteers for the Booster Club.

Susan's hobbies include camping (she camped 2 weeks ago in our Wisconsin spring weather!), scrapbooking and baking.

We are happy to have Susan as part of our team. We are thankful she has chosen Golden Harbor to share her passion for cooking and baking with our Residents.

### From River View

After many hours of hard work and a lot of decorating decision making, we have finally finished our new activity room. As some of you know, at one time we had a very large pool in our facility. It hadn't been used for many years and was just wasted space. Now we have a beautiful, spacious activity room where the pool once was. The residents love their new area for all of their social hours, Brewers game viewing, bingo and other activities. Pictured below is bingo in our new space, thanks a bunch!
