

## *Leave the Caregiving to Us*

November is the National Family Caregiver Month. Caring for a loved one may often feel like a thankless job, but all caregivers should know that they are honored and appreciated.

The holidays are often filled with opportunities for togetherness, sharing laughter and memories. A person with dementia may feel a special sense of loss during the holidays because of the changes he or she has experienced. At the same time, caregivers may feel overwhelmed maintaining traditions while providing care.

Platinum Communities is a small, family owned and run company. We have been focused on providing exceptional long term care to residents throughout Wisconsin for more than a dozen years. Through personal experience we learned the importance of surrounding your loved ones with a care team that genuinely prioritizes each person's wellbeing, comfort and safety.

At Platinum Communities, we have the honor and privilege providing care for wonderful residents in their home each day. Our ultimate goal is to fill their lives with joy and happiness for as long as we have the opportunity to do so. Contact a home near you.

### From **Golden Harbor**

We are excited to Welcome Gail Gordon our new Administrator at Golden Harbor. The celebration reception pictured below introducing Gail to the community, residents and families.
